

Good Morning-

I wanted to let you all know we have had a recent increase in thefts from cars that are parked on business lots. Items stolen have primarily been purses, but nothing of value should be left in your vehicle (GPS, IPODS, Wallets, Laptops, etc.). We find when women are just "running in" to a business they tend to put their purses behind the driver/passenger seats, or in the trunk and then lock the car. The recent thefts have been during day light hours and the windows are being shattered.

Some of the places the thefts have occurred are the parking lots of the YMCA, Chesterfield Mall, and the Ice Complex. This is also a good time to remind residents that when they go to the gym to make sure they take a lock with them for the lockers. While we do not want them to leave purses and wallets in their cars, we do not want them to leave them in an unlocked locker either.

Please send this to your residents and they are welcome to share this crime prevention email. Let me know if you have any questions.

Sincerely,

Police Officer Kim Huffman
