

UPDATE ON BAXTER LAKES SUBDIVISION NEWS

Decorations at Cedar Mill and Summer Ridge Entrances

Some Trustees and Volunteers just completed decorating the entrances to Baxter Lakes Subdivision at Cedar Mills Road and Summer Ridge. With the recently painted Baxter Lakes signs and with the Holiday decorations, our entrances look very attractive and certainly as good as other subdivisions. We hope you will notice the entrances as you leave or enter Baxter Lakes.

New Lights at the Baxter Lakes Entrances

The Trustees hope that our residents have observed the new lighting at each entrance at Cedar Mills and Summer Ridge. Thanks to Don Missey, long time resident, who volunteered his time and installed the new light fixtures. The only cost to the subdivision involved the purchase of the light fixtures and the necessary materials. . Thanks again to Don for his excellent work and for completing a great improvement at a minimal cost for Baxter Lakes.

Clean up of the Islands at Both Entrances

Omni Tree Service was contracted to cut down the maiden grass, remove the clippings, and leaves at both entrances. Their work was completed on December 3rd. Omni Tree Service submitted the low bid and was awarded the contract for this clean up work. Our entrances will certainly look clean and more attractive during the oncoming winter.
